

## How fast can you find the code?

### *Host's notes:*

- This can be played online or in real life, using a screen. You will need to be able to play sound through the laptop/sound system. Do check this before you start.
- It should take around 40 minutes to complete depending on the age and number of participants.
- It will work best with teams of 6-8 people of mixed ages, but anyone can have a go!
- If it's a smaller or a younger group, you may need to give more clues or have another leader help more.
- Everyone will need to have pen and paper.
- You'll need to keep these notes on your phone or print them out or have someone else with them on their screen.

When people have finished the Escape Room, do please send in each team's time to [thykingdomcome@lambethpalace.org.uk](mailto:thykingdomcome@lambethpalace.org.uk), with the subject CATHedral PURRSuits Results, to get on the leader board. Include your time, team name, what group/church you're part of and your location.

- Welcome people as they arrive.
- Split people into groups of around 6-8, preferably of varying ages.

### *Online Use*

- Don't try to use the same screen for these notes that you are Screensharing on.
- Split people into their Breakout Rooms.
- If you as host need to communicate with the Breakout Rooms, click on Breakout Rooms, then 'Broadcast' to send a message to all the participants. Alternatively, you can click on a Breakout Room and 'Join' to look in and see what's happening.

*Small Group/Breakout Room leader's notes:*

- If you're on a teleconferencing app, Sharescreen and click on the Powerpoint, then tick Share Sound before pressing 'Share'.
- Note people need to find eight pieces of QR code to finish. If they have only found seven, have they missed going back to the second eTail?
- Click Slide Show to put up **SLIDE 1**
- Generally, use the arrows at the bottom left of your screen to advance slides forwards, unless the screen or notes tell you otherwise.
- If you ever reach a black screen looking like it's loading, you've gone the wrong way, just go back a slide.
- Teams are timed as they try to solve the clues
- People can ask you for clues whenever they like - it won't be fun if they can't make any progress.
- Put up **SLIDE 2** and START THE TIMER!

Read **SLIDES 2-4**. Generally, you read (or get someone else to read) the main text on the screen.

**SLIDE 5** is the 'Home' screen. This is where people choose which app they would like to visit next. Each app LINKS TO A SLIDE. Read the words that TK says at the bottom.

*If they try to choose Clawmera, explain they can't use that until they get all the pieces of QR code (which is eight pieces).*

*Then select the app they choose:*

### *WhichCat*

**SLIDE 26** then **SLIDE 27** then read out message. **SLIDE 28**. The task is to find the most eccentric item to give a cat. Be as lenient/strict as you like, depending on the players, but you shouldn't give a cat chocolate, onions/garlic, raw eggs and raw meat, grapes and raisins!

When everyone has returned with an eccentric item for a cat, move through **SLIDE 29** and **SLIDE 30**.

### *Snapcat*

**SLIDE 32** then **SLIDE 33**. Then **SLIDE 34** read out instructions to work out DJ's commission.

Note at right that DJ currently has 4 tracks in the top 100.

$$4 \times 1C = 4C$$

### Full playlist listens

$$500 \times 0.12C = 60C$$

DJ's total commission then is:  $490.60 + 434.70 + 4 + 60 = \underline{\underline{989.30C}}$

Give them help when they need it. Press back to remind to yourself from **SLIDE 36** what the commission for each part is.

**SLIDE 38** is the gateway to the right answer, or you can go back to **SLIDE 37** and keep working on it.

**SLIDE 39** has DJ's answer.

### *Whiskagram*

**SLIDE 41**, **SLIDE 42** and **SLIDE 43** introduce the puzzle. This is clarified on **SLIDE 44**. Team members need to draw a self-portrait with their eyes closed.

**SLIDE 45** and **SLIDE 46** have the lead-out from the puzzle, then return to Home Page.

CAThedral  
PURRSUITS

### *KitKat*

**SLIDE 48-51** lead up to the puzzle of creating a dance, sea shanty or joke to help Furball to go viral. Encourage people to be as creative as possible. Think TikTok which is normally a 15-second video of a dance, joke or something similar. It can go up to 60 seconds, but encourage people to go for quality not quantity!

When people are finished, **SLIDE 52** and **SLIDE 53** have the lead-out from the puzzle, then return to Home Page.

### *Furbook*

**SLIDE 55-58** introduce the puzzle of adding up Blingo's receipts. The answer is 1545C.

From left,

3 Purrada Cat Trees cost 600C so 1 costs 200C.

1 Cat Tree and 6 Mewcci Mice cost 290C, and we know the Cat Tree costs 200C, so 6 Mice cost 90C and 1 costs 15C.

10 balls of Fursace Wool and 3 Mewcci Mice cost 295C. We know 3 Mice cost 45C, so 10 Wool balls cost 250C and 1 costs 25C.

So (right), 4 balls of Wool cost 100C, 4 Mice cost 60C, 1 Cat Tree costs 200C, so the total price is 360C.

$600C + 290C + 295C + 360C = \underline{1545C}$

**SLIDE 59** and **SLIDE 60** take you out of the puzzle and return you to the Home Screen.

### *Spawtify*

**SLIDE 62** has no puzzle. Return to Home Screen.

CAThedral  
PURRSUITS

### *Clawmera*

They can't use this until they have all eight pieces of QR code, then see note at bottom.

### *Kitty Crush*

**SLIDE 64** has no puzzle. Return to Home Screen.

### *Tailr*

**SLIDE 74** has no puzzle. Return to Home Screen.

### *Among Puss*

**SLIDE 66-67** is about finding Camo Cat in Among Us by solving the riddle. They're looking to work out the colour of Camo Cat.

He's never in green, ruling out the two green cats.

He's not in the Med Bay, ruling out orange and lilac.

He doesn't have hair on his head, ruling out gold and dark blue.

He's not red, ruling out... red!

That leaves light blue and pink at the bottom.

But he's not much of a plumber, which rules out the light blue who has a plunger on his head.

That leaves pink.

**SLIDE 68** is the page to work out the impostor. Click on their suggestions. If they get it right, you'll see VICTORY [**SLIDE 69**]. If they guess wrong, you'll see DEFEAT. PLAY AGAIN will return to **SLIDE 67** and they can try to work it out again. Quit will return to Home Screen.

**SLIDE 69** is the conclusion of Among Puss. Click to return to Home Screen.

## Calendar

**SLIDE 72** is a reminder that they need to hurry. Return to Home Screen.

**When you have finished all 8 sections and collected all 8 pieces of the QR code, click on:**

## Clawmera

**SLIDE 76-79** is the ending. People need to have collected all eight pieces of the QR code to finish:

1. eTail
2. eTail
3. WhichCat
4. SnapCat
5. KitKat
6. Whiskagram
7. Furbook
8. AmongPuss

If they are missing one, did they read both eTails? On **SLIDE 79**, stop the timer.

***That's the end!***
