## INSTRUCTIONS

---

- Maybe the Holy Spirit is inspiring you to pray for your workplace or places of work near you. Ask God how the sign of Christ might be illuminated within the workplace. Are there particular people where you work who you can pray to know the love of God for themselves ?
- Be still and trust God to lead you.
- Take two of the small twigs and using the twine bind them into the shape of the cross. Holding that cross pray again for your workplace. Take the cross home with you and maybe even take it to work to remind you of the prayer needs of your colleagues.
